General Rains Boost Good Crop Outlook

On June 12, this immediate section of the country had a very good rain, however, it was not general. Since that date it has grown hotter and dryer, till it was beginning to hurt and people were getting anxious.

This is not news, but it makes good reading. Everybody round about Hamlin knows all about the weather, but there are a few Herald readers in other parts of the world who love to hear of rains, and good things about their Hamlin country.

Well, folks, tell the world it has come one of the best July rains this country has had in a long time. A general rain too, the old fashioned kind, that soaks and soaks the country all over.

Sunday about noon it started and for several hours the fall was beautiful and the shade of the welcome clouds hung over the land all day and during the night a gentle fall started again, and wetter and wetter went the country. Monday just afternoon, a whopping hard shower fell, but not wide, perhaps.

What does a good season mean these days? It means everything, except to a small part of the row crops that suffered beyond recovery for lack of rain. Plenty of feed will evidently be made now. Grass will green up and stock will fare better. Cotton, which never suffered will bloom and fruit now. This year there is the prettiest cotton in Jones and Fisher Counties, than has been since 1932. Acreage is better also. The rains will do cotton good.

The grain harvest was about done when the rains come. The wheat crop was not large in acreage but the yield was extra good in most cases. One railroad has handled more than 60 full cars of wheat this

season. Wheat was saved in ideal weather too.

The recent hot days seemed to hurt people more than usual, and the rain this week has brought relief to everybody.

How much did it rain? By early Monday there had been one and three-fourth inches. Afternoon rain was perhaps an inch.

HOW HAMLIN SPENT JULY THE FOURTH

Last Saturday was a hard day on many Hamlinites—especially those who wanted to go places and could not close their places of business.

Hamlin, as usual, gave the impression of one of West Texas' busy little cities. The usual crowds were here to sell and buy, to exchange remarks on the current happenings, talk crops, complain about the heat, and there was a universal wish for a good rain. It was the "day for rain" and disappointment was on every face when mid-day July 4th came and not rain.

Rambling about the streets, after our "holiday naps" we were surprised to see so many people in town. Observing the closed doors, we noted that the lumber yards, hardware stores, beauty parlors, tailor shops, insurance offices, post office, utilities office, jewelry store, printing office, one or two garages, were closed. This left enough attraction in town to give everybody places to trade and talk.

One thing very noticeable, was that B. Hassen Co. was the only business house displaying the Flag.

BAPTIST PASTOR TO TAKE A MONTH VACATION

We were delighted with the number present at Sunday School last Sunday morning. We are glad to see our church at least hold its own through the summer months. We could have three hundred present for Sunday School next Sunday morning if each one would put forth a little effort.

Brother Roy Shahan, the pastor at Rule, will be here for both services this Sunday. The pastor will be in Post for the services there. I will come home Sunday night and we will leave for our vacation Monday. The church voted to give us one month vacation.

A pulpit committee has been elected and they will secure a supply of pastors each Sunday we are away. This means you will have the privilege of hearing five good preachers while we are trying to get a little rest. I am praying that the work will go forward during these four weeks.

God has wonderfully blessed this section with, first—a good grain harvest and we never had better prospects for a feed and cotton crop. Let each of us show Him our appreciation by giving Him the best service it is possible for us to give.

Come to hear Brother Shahan both services Sunday and pray for us while we are at Post and while we are going away on our vacation. J. HENRY LITTLETON, Pastor.

Many others had the standard flag, but had neglected to display them. Some people handle their flags much like they do their Bible—it is cared for so well that years after the purchase it is as bright and pretty as if new. It is so well kept.

But the FOURTH was a good time for many to get away and Hamlin folks did go places. Some went camping, fishing, played golf, enjoyed reunions, went to Dallas or Stamford.

Armistice Day comes on Wednesday.

Thanksgiving Day comes on Thursday.

Christmas Day comes on Friday.

All of these days will be kept almost universally in Hamlin. It's a long time before either of them arrive and everybody will have time to think of how they will keep such days.

July 25 is a big day in Texas, too. That's the day the Democrats will vote to determine nominees for office for the next two years. That day banks will close. That day is really a holiday and the beginning of a long holiday for some.

The Riddle family, 57 strong, had a great time at the Lueders Camp Grounds the glorious 4th. This was their first reunion since the death of C. C. Riddle, the father of the family. The members are so widely scattered that an annual affair could hardly be planned.

H. O. Cassle and family joined a large number of their relatives in an annual reunion at the Lueders Camp grounds last Saturday. There were nearly 60 persons present and represented several counties.

Mayor and Mrs. Joe Culbertson and children went to Tishomingo, Oklahoma, for the 4th, returning Sunday afternoon. They were guests of C. E. Murray, President of the Murray State School of Agriculture.

Mr. and Mrs. S. D. McMahon went to Belton Saturday to spend their 4th in Mr. McMahon's old home community. O, yes, they got into a big rain.

H. O. Cassle Jr. and W. L. Boyd Jr., of Baylor University, came over Friday night to spend the Fourth with their parents.

Mr. and Mrs. Buford Dean are in Dallas this week on their vacation. Buford is head salesman for the Dry Goods Department at Bryant-Link Co.

Mr. and Mrs. Otis Hopper, Mrs. Nora Hopper, and Mrs. Bill Preston spent Sunday and Monday in the Centennial.

SERVICE CLUBS HAVE NEW OFFICERS

On Wednesday of last week, the Hamlin Rotary Club installed a new set of officers. W. A. Albritton is now President, Tom A. Williams, Vice President and Denman Morgan, Secretary-Treasurer.

Mr. Albritton learned much about Rotary in Atlantic City while attending the International Convention. He has started his year off with a full set of committee assignments, and the spirit of Rotary should be on the increase in this community during his term.

Tuesday of this week the Lions of Hamlin installed their new officers for the year.

B. L. Jones is President; Dee Campbell 1st Vice President; Harold Bonner 2nd V. P. and Otto Berlin, 3rd V. P. Haskell Carter is Secretary-Treasurer. Gerald Morgan, Tail Twister, and Ted Russell, Lion Tamer.

Hamlin Lions have built up a reputation as being one of the live clubs in their district.

For many years the world got along some way without Rotary, Lions, Kiwanis, etc. clubs, but as civilization progresses there are changes of conditions, and mankind figures out ways to carry on and suit itself to the conditions as they come.

Service clubs have in many instances taken the place of secret orders—no service clubs in any way secret. Some clubs are more "International" than others, for example the Rotary Club may be found in as many as 70 or 80 countries. The international feature of Rotary is doing much to make nations realize that countries, like men must each fill their own corners and one is dependent on the other.

Lionism, is perhaps next to Rotary in numbers and scope. Lionism has many lofty ideals and any good Lion member should make his community a better citizen for having served in his club.

Hamlin is not so big but it is plenty large enough for two service clubs. Some towns do not have either, not even a Chamber of Commerce. Some people seem not to understand what is the difference between Chambers of Commerce and service clubs. The service club is an essential support to all commercial efforts for the welfare of the community. It takes co-operation for successful progress, and there is no room for any club that does not cogwheel into other parts of the machinery of the community.

Success to the new officers, in Rotary and Lionism, in Hamlin.

MR. BLANTON TO SPEAK SATURDAY

Hon. Thomas L. Blanton announces that he will speak in Fisher County, at Roby at 10:00 A. M., Rotan at 2:00 and at Hamlin at 4:00 P. M. Saturday, July 11.

After speaking in Hamlin he will go to Stamford and speak at 8:00 P. M.

Perhaps the place of speaking in Hamlin will be on the Central Avenue and a loud speaker will be used. This will enable him to reach a large number, perhaps more than in some building.

Mr. and Mrs. Dan J. Payne of Roswell, N. Mex., came down to visit their mother, Mrs. D. J. Payne and on Friday they will go to Dallas to see the Centennial.

It will be good information to Mrs. W. C. Russell's host of friends to know she is almost herself again after her very serious illness. Really, Mrs. Russell is looking better than she did before the operation.

John Green and son, John F. Jr., Art Carmichael and Ernest Davis left last Friday for the big fishing lake near Monterrey, Mexico. Martina Lake is known far and long for its fish.

Last Sunday two couples, readers of the Herald, accepted an invitation to take SUNDAY DINNER (noon or night) at "MOM'S" CAFE—look in this week's HERALD for two more couple's names. Wonder who'll be invited next week?

Hamlin Country Produces Over 100,000 Bu. Wheat

One of the greatest surprises of the year, so far, is the Hamlin Country wheat yield. Not meaning to say that wheat is rare in this section, but to say that weather conditions for a while this year pointed to a failure. But, as is the case often in this part of the state, just when it looks like failure, up comes plenty of rain and what a whopper crop. That very thing happened this year in our wheat fields.

The harvest is about over now, and up to Thursday morning of this week, 72 carloads of wheat had been shipped out over our railroads, besides the amount carried out by trucks.

Now, let's figure a bit. Reports say that a car of wheat depends on the load capacity. Perhaps the minimum car should be estimated at about 1,000 bushels, or 60,000 pounds and the maximum car around 1,500 bushels or around 90,000 pounds. Not meaning to over estimate we take about 1,250 bushels as an average and the 72 cars would mean at least 90,000 bushels or maybe more. Now then, let's remember that a large number of trucks hauled wheat direct to the mills, and it is easy to say that over 100,000 bushels of wheat was raised in the Hamlin country this good year of 1936.

What did wheat bring? Well, that's another good question. It started selling f. o. b. Hamlin, at about 70 cents. But by this week it had gone over the 100 mark making "Centennial" wheat once again in Hamlin.

Now, let's figure some more. Wheat is not all Hamlin people have shipped out over railroads. Snooping around, we find that at least there were 2 car loads of maize shipped in June, 10 car loads of cottonseed hulls, and of course, sand and gravel, of which we have found out that there were 27 cars sent out, on one road.

The Herald's back door opens out right at the Abilene & Southern Depot and shipping tracks and it's no secret with us that we count and observe activity on this road, especially. It has been a busy place all the year. The sand and gravel shipments for June were lighter than any month this year. This road also handled by far the most of the wheat this year.

Now, let's see—it is no secret that the Abilene & Southern belongs to one of the big systems in Texas and that this Company is asking permission to abandon their tracks between Hamlin and Anson. That would be a great injustice to Hamlin farmers and Hamlin's business men. The Herald does not propose to sit quietly by the tracks of that road and see them pull up and quit.

when so much business is going out over the road. As a matter of fact, the T. & P. Company has one of the most wonderful displays of any road in Texas at the Centennial, and every Hamlin and Anson citizen going to the Centennial should see this display and then kindly remind the big fat fellow who is so congenial to explain things to visitors, that "I come from Hamlin, where the ends of the tracks stop, where hundreds of car loads of products from a good town, and a rich country go out each year to the main line, if your company pulls up those rails, Jones County will hate the T. & P. railroad till the NEXT Texas Centennial is pulled off." Now, of course, there have been a few years when this road lost money—all of us lost—now we are all on the gain. Let's stay together and keep fighting. And really the business given the A. & S. this year will save it to Hamlin and Anson. Yes, sir-e-e.

NEXT WEEK ANNUAL RAILROAD WEEK

—PROCLAMATION BY MAYOR—

WHEREAS, the growth and advantages enjoyed by this community have been largely augmented by the Abilene & Southern; the "Katy" and the "Santa Fe" Railroads, who have made it possible to reach markets with our produce and our wares, and who have supplied our needs from other sources, and have furnished passenger transportation to our citizens, and

WHEREAS, These railroads increase property values, pay taxes, and provide gainful employment; and

WHEREAS, They have built up a remarkable record of safe transportation, and in co-operation with other Western Railroads have (1st) expended large sums in modernizing passenger equipment, including the air-conditioning of principal trains; and (2nd) have reduced fares and sleeping car charges, working ever toward the maintenance of both local and national prosperity; and

WHEREAS, The executive of other western communities, both state and municipal, have asked public recognition of the part played by Western Railroads of America in our wealth and welfare;

Now, Therefore, I, Joe Culbertson, Mayor of the municipality of Hamlin, Texas, do call upon our citizens to take note of RAILROAD WEEK, July 13th to 18th, inclusive, and to join in the celebration of that event.

JOE CULBERTSON, Mayor.

**VISIT THESE INTERESTING
CENTENNIAL
CELEBRATIONS**

(July 8, through
Sept. 12, inclusive
to June 27th)

The big Centennial Central Exposition at Dallas is drawing millions of visitors from out of the state and over the state.

This successful event and the many equally interesting Texas celebrations are focusing the eyes of the nation on Texas. Texas may well be proud of its Centennial events. Texas will profit by its enterprise for many years to come.

But, best of all, Texans are knowing Texas.

East Texas is visiting West Texas! North Texans are going South! South Texans are traveling North, and West Texans are seeing the East! Centennial year has afforded us the opportunity to get acquainted with the resources and scenic attractions of our great state.

Whatever your ideas of a real vacation, you'll find them realized in Texas. Mountains, seashore, missions, foreign atmosphere, gay night life, fishing, golf, historic places. Most every attraction you can find anywhere—right here at home.

Make your plans to visit the Centennial Celebrations being held this month. Read the calendar at the right. If you want additional information, write the Chamber of Commerce at cities you are interested in. For a real vacation, SEE TEXAS!

THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF JULY 5:

1821—Stephin F. Austin, with the commissioner Don Erasmo Seguin and a party of 14, left Natchitoches on July 6 for San Antonio to confer with Governor Martinez. His purposes were to secure a transfer of grant made to his father, to ask permission to explore the country and settle a suitable place for his colony.

1842—On the night of July 6 General Davis moved his force of 192 Texans on the Nueces from an open space to a ravine where the river and timber offered protection. General Antonio Canales, not knowing the Texans had moved, made a charge where they had been. Discovering his mistake he led his men to a position of better advantage, but wounding of the commander of the detachment with the cannon, discouraged the Mexicans and they withdrew. The Texans had one man wounded.

1848—On July 5 Congress passed an act fixing the eastern boundary of Texas along the middle of the channel of Sabine Pass, Sabine Lake and Sabine River, rather than along their west bank.—Texas State College for Women. (CIA).

Mr. and Mrs. J. H. Miller, of Dacatur, Ala., are spending their vacation with Mrs. Miller's parents, Mr. and Mrs. J. S. Ballew.

D. B. Sauls and wife, W. F. Sauls and wife of Spur and Frank Yearly, of Dumont, came down to spend the 4th with Mr. and Mrs. J. H. Sauls of the Flat Top community.

Miss Willie Faye Hunter is visiting her aunt, Mrs. L. R. Wood in Fort Worth, this week.

Truett May, a Hamlin "boy," son of Mr. and Mrs. M. P. May, came in for the Fourth to be at home for most of his vacation. Truett has been in the government service since 1930. He was first with the War Department, financial department, but he is now with the Federal Bureau of Public Roads, as field auditor. His headquarters home is Portland, Oregon, and he has all of the states of Washington, Oregon and Montana. Truett seems to be delighted with the Oregon country.

amount then. Again and again we hear of this in the Hamlin country. Don't know whether every farmer could do this or not, and if everyone did then how many more could do it. There is plenty of "space" for many more thrifty farmers in this country and if there were twice as many as there are now could each and everyone sell from his place as much as \$50.00 worth of eggs, cream, milk, butter, poultry? If so, what we need most is more farmers to do that very thing.

&&&

HEARD ON THE STREETS:

One man says, "What grates me more than anything I know of is to see a Hamlin person buy things outside of Hamlin, while the same person makes his living off of Hamlin people." He elaborated on this by saying, "It is funny why folks imagine they can buy better in some other city than at home." Maybe just a human weakness, Mr. Merchant. You see there are lots of folks who think horse shoes, silk socks and grass rope bought in some other town is better.

&&&

Parker May, who is with the Re-settlement Administration with headquarters at Washington, D. C., but recently in Dallas and Oklahoma City, came over last Friday to take a needed vacation till July 16. He will report, at the Washington office July 18. Parker is in the Pay Roll Section of the Finance Division, as Supervisor. He has been going hard at his job for about one year now and has proven the "Texas Boy" is not afraid of work. He has put in many long hours extra and that is why he is making good.

Mr. and Mrs. Rueben Avirett and Charles Jeffries of Fort Worth, spent last week-end visiting Miss Alta Young. They also attended the Stamford Reunion. This was their first visit to West Texas.

Denver White, son-in-law of Mr. and Mrs. Pat Collins, was taken to the Stamford hospital for an operation this week.

"Rambling 'Round"

—SEEING WHAT'S TO SEE
—HEARING WHAT'S TO HEAR

MOSQUITOES are said to pester humanity in every corner of the world. In Hamlin they seem to be more hungry than most anywhere. Just before the rains they were exceedingly bad. This was because it was getting so dry that they were seeking moisture and shade about homes. Maybe they will scatter out after the fine rains. BUT in their scattering they will infect the old cans, buckets, ponds, and every place where water was let assemble and within a few more weeks here comes a re-enforced army of skeeters. First a mosquito egg, next a wiggle-tail and then a wee skeeter and later a whooper with a stinging dagger that bores quick and deep.

LISTEN to the fellows wanting to be governor of Texas, or read what they say—principally those seeking to defeat Allred for his second term. Five men running, all are "perfect" except one, according to Mr. Allred. He says he is just a "mere human." Allred is dubbed "Ribbon Cutter," OK, why not have a live young governor to cut ribbons, open gates and represent a great state. Who else is more appropriate? It is a great honor to be governor of Texas and the people appreciate their governor in every community. It is a pity every little town can't know their state officials more closely.

&&&

J. H. Sauls of the Flat Top community was in town Saturday, celebrating his 4th of July by selling eggs and cream, etc., from his farm. J. H. says that the first six months of 1936 his place produced an average of \$50.00 per month, except June, and was not far under that

FIGURE EXPENSES AT CENTENNIAL

DALLAS, Texas, June 2nd.—An
automobile trip from as far away as
Oklahoma and a full day at the
Texas Centennial Exposition, in-
cluding meals en route and a night's
lodging for two people in one of this
city's fine tourist camps, cost Mr.
and Mrs. O. D. DeWitt of Fairview,
Oklahoma, only \$14.50.

Traveling expenses, including
meals on the road and oil and gas-
oline cost \$7.00, while lodging cost
\$2.50 for two people. All day park-
ing within a block of the \$25,000-
000 Texas Centennial Exposition was
twenty-five cents and admission for
two persons to the World's Fair
came to \$1.00.

"Then came the big shock," said
Mr. DeWitt, in recounting the ad-
ventures of his first day at An Em-
pire on Parade. "Right inside the
main gate we found stands selling
big hamburgers and hot dogs for a
dime apiece and bottled soft drinks
for a nickel. I had expected to pay
at least five or ten cents more on
these articles. I was delighted. This
gave us more money to see the
sights."

The DeWitts continued to find
happy surprises. Double-dip ice
cream cones cost only a nickel. A
stein of beer was a dime. There
were ample water fountains and
many benches while rest rooms were
free. Throughout the grounds plate
lunches could be had for thirty-five
cents and leading attractions they
lunches could be had for thirty-five
cents. The DeWitts visited several
at that figure, including Streets of
All Nations, Streets of Paris, Mid-
get City, Gorilla Village, the latter
at a dime apiece, Admiral Byrd's
Little America exhibit and the \$250-
000 dramatic spectacle "Cavalade
of Texas." A ricksha carried them
from one end of the grounds to the
other for a quarter. The last show
was the only forty-cent attraction of
their first day list.

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if
I talked all day," enthusiastically
writes Mrs. L. H. Caldwell,
well, of Statesville, N. C.
"I have used Cardui at
intervals for twenty-five
years," she adds. "My
trouble in the beginning
was weakness and ner-
vousness. I read of Car-
dium in a newspaper and
decided right then to try it. It seemed
before I had taken half a bottle of
Cardui I was stronger and was soon
up and around."

Thousands of women testify Cardui ben-
efited them. If it does not benefit YOU,
consult a physician.

Fate Beavers and wife went over
to Wise County Wednesday to visit
his old home place. It was Mr.
Beavers' 64th birthday — and he
says, "by-the-way — it is also John
D. Rockefeller's birthday and why
not celebrate." But Fate was just
not seen throwing out any "dimes"
that day. That's the dif.

MISS LYNDE WHITE AND
LA MESA MAN WED

Announcement was made this week of the marriage of Miss Lynde White and Mr. Cecil Jordan, which took place, June 29, at 10 o'clock A. M., in Albany. Rev. Joshlin of the First Baptist church read the ceremony.

Mrs. Jordan is the daughter of Mrs. J. A. Hill of Monahans, formerly of Hamlin.

Mr. Jordan is the son of Mrs. Ollie Jordan of Lamesa.

The only attendants at the wedding were Mrs. W. T. Jordan and Mrs. Clyde Jones of Albany and Mr. Boyce Jordan of Lamesa, brother of the groom.

The couple left immediately for Lamesa after the ceremony where they will make their home.

They have many friends here who wish them a long and happy married life. —(Contributed.)

Miss Florence Boyd left for Mineral Wells Sunday to spend three weeks with friends and during the time will visit the Centennial.

MR. AND MRS. FED. H. BRITTON are invited to be our guests for DINNER (Noon or Evening) SUNDAY, JULY 12, 1936 MOM'S CAFE—Hamlin (Present this clipping to Waitress)

Mrs. S. B. Leslie is sending the Herald to her son, J. E., at Hart, Texas. Mrs. Leslie says, "Well, the Herald doesn't have much in it, but I can hardly wait till Friday comes to get it." That is what makes a small town paper go. It has about all the news of the community. If the news is short and merchant's advertising is short—the paper is small—See?

Mr. and Mrs. C. A. Johnston and Mr. and Mrs. J. P. Whitaker, and Miss Geraldine Whitaker, all of Bethany, Oklahoma, came down last Saturday to spend the week-end with Rev. and Mrs. J. H. Whitaker. Miss Geraldine will remain here till the Bethany school opens in September.

Mr. and Mrs. Carlton Parker of Littlefield, came down Friday and were joined here by their parents, Dr. and Mrs. L. S. Magee, Miss Kathryn and Coy Magee for a trip to Dallas where they spent three days in the Centennial. No, they did not see it all and will return later.

Mrs. R. T. McAden of Midland, came last week to visit Mr. and Mrs. F. D. Howe and family.

Mr. and Mrs. A. E. Birdwell, of Dallas, are back to make Hamlin their home. Mr. Birdwell, better known as "Pig" is opening up a small confectionery stand next door to the Ferguson Theatre.

Mr. and Mrs. Floyd D. Morgan and children of Van, Texas, came over for the 4th and several days visit with their parents, Mr. and Mrs. Pat Collins.

FORT WORTH'S
FRONTIER SHOW
OPENS JULY 18

Definite date for the opening of the Fort Worth Frontier Centennial was announced today by Billy Rose. The mammoth entertainment extravaganza will open its gates to the public on July 18th with four big shows and a carnival world of lesser attractions scattered over the 162-acre festival grounds.

Setting of the date for the opening, was purposely deferred until it could be determined when the entire Frontier Centennial grounds would present a complete and finished appearance, will be a red-letter day in the whole history of entertainment.

No other enterprise ever has been conceived along such lines as that of the Fort Worth Frontier Centennial. Dedicated to the sole purpose of entertainment, it is so planned that even its few exhibits of historical interest will fit into the holiday pattern.

Along the Frontier Village Street, where historical collections will be housed in a replica of a pioneer town, an assortment of town characters will enliven the place with picturesque entertainment.

Major shows will be the Casa Manana, or cafe-theater show, a mammoth musical extravaganza, "The Last Frontier," a wild and whoopee show based on the story of the old West, and Billy Rose's, "Jumbo," imported from the New York Hippodrome. As interesting as any of these, though briefer, will be the free show in Pioneer Palace, to be given from a stage set in the wall above the mirrored bar. With mirror background, lusty old ballad music and new song by Billy Rose—example: "The Guy with the Handlebar Mustache," the Pioneer Palace Show will follow the tempo of the gold rush, the frontier, the gay nineties.

All over the grounds will be such attractions as Sally Rand's Nude Ranch and such bait for the kids as ferris wheels and marry-go-rounds.

It will be the State's largest and finest festival ground.

Mr. and Mrs. J. D. Greenway, of Sweetwater came over for a 4th visit with their parents and friends.

Mr. and Mrs. M. L. Folk of Odessa, were here the 4th to visit Mr. and Mrs. Roy Holdridge.

Mr. and Mrs. Bruce Hallmark announce the arrival of a fine boy at their home on July 6th.

Little Velvee Joyce came July 4th to make her home with Mr. and Mrs. Henry Martin, of Neinda. She is the granddaughter of Mr. and Mrs. M. H. Castleberry.

Fred Jones and his friend, Glen Williams, who are in the Cavalry at Fort Clark, have been visiting Fred's parents, Mr. and Mrs. Ben Gipson, of Hamlin.

Mrs. Wilburn Young and children of Dalhart, came last week to spend much of the summer with her parents, Mr. and Mrs. Pat Collins.

Mrs. Weldon Griggs had as her guests Monday, Miss Winks Turner and Miss Mary Boaz, of Bridgeport.

WHEN you are having cold cuts for supper on Sunday night, don't fall into the error of always serving the inevitable potato salad, especially when there are a number of perfectly delicious cold entrees which are savory and

novel. For instance:

Creamy Cheese Entrée

1 package lemon-flavored gelatin; 1½ cups warm water; ½ cup milk; ¼ teaspoon paprika; 1 teaspoon minced onion; ½ cup mayonnaise; ½ cup grated American cheese; ½ cucumber, diced; ¼ cup diced green pepper; ¼ teaspoon salt; ½ tablespoon vinegar.

Dissolve gelatin in warm water. Chill. Combine milk, paprika, onion, and mayonnaise and beat with rotary egg beater to blend. When gelatin is slightly thickened, beat in mayonnaise mixture. Combine remaining ingredients and fold at once into gelatin mixture. Turn into mold. Chill until firm. Unmold on crisp lettuce. Garnish with whole radishes. Serves 6.

FIRESTONE'S NEWEST --- MOST SENSATIONAL
TIRE DEVELOPMENT . . .THE New Firestone
STANDARD TIRE

FIRST LINE QUALITY—The new Firestone Standard Tire has been designed and constructed by Firestone skilled tire engineers—it is a first quality tire, built of high grade materials, embodying exclusive Firestone patented construction features.

FIRESTONE NAME AND GUARANTEE—Every Standard Tire is backed by the Firestone name and guarantee—your assurance of safety, dependability and economy.

LONGER NON-SKID MILEAGE—The wider, flatter tread is scientifically designed with more and tougher rubber on the road for long, even wear, and thousands of extra miles.

GUM-DIPPED CORD BODY—Eight extra pounds of rubber are added to every one hundred pounds of cotton cords by the Firestone patented process of Gum-Dipping. This not only provides greater strength, but gives greatest blowout protection.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD—Cushion road shocks. Afford extra protection against punctures and bind the whole tire into one unit of great strength.

IT COSTS LESS TO BUY—VOLUME PRODUCTION SAVES YOU MONEY—The new Firestone Standard Tire is the greatest tire value ever offered car owners—volume production, efficient factories and the most economical distribution system make it possible to sell this new tire at these low prices.

FOR TRUCK AND BUS OWNERS

GIVES LONGER MILEAGE AND MORE ECONOMICAL SERVICE AT VOLUME PRODUCTION PRICES!

WHETHER you operate one truck or several, dependable service is your greatest asset. In hauling produce to market, operating fast local deliveries, in heavy cross-country hauling, operating school buses, or in any type of trucking service, you need a first-quality tire, built of first grade materials to give you long, trouble-free mileage. Now, for the first time, you can get such a tire at prices you can afford to pay.
